

Fwd: Information - Chain of command - people in detention

From: "Braedan Hogan (DHHS)" <REDACTED>
To: "Andrea Spiteri (DHHS)" <REDACTED>
Date: Wed, 01 Apr 2020 20:07:03 +1100

Assume this is separate to operational control under Dept State health controller?

Not clear on this vs that role

Or is Finn just talking about P policy

Subject: Information - Chain of command - people in detention

Dear colleagues

Thank you for your work.

Just an important reminder: all policy and oversight of **people in detention** is being handled in a strict chain of command, from:

- Chief Health Officer to
- Deputy CHO (today – Simon Crouch) to
- Deputy Public Health Commander Planning (Finn Romanes) to
- Director Health Regulation and Reform (Meena Naidu) to
- Authorised Officers (under Noel Cleaves and some other managers).

It is important that all direction, policy, reporting and arrangements do not break this chain.

If you have any insights or advice – please provide to the individual in the chain you deem most appropriate.

No policies, directions, exemptions, reporting, meetings to agree policy on these people or other activity outside this chain please, unless requested or overseen by the chain.

This strict view is vital to safeguard the wellbeing and duty of care owed by the State to these people and legal and other risks to the department and its staff, who are administering this detention regime on behalf of the Deputy Chief Health Officer and Chief Health Officer.

Legal advice is being provided on a near continuous basis to Meena and myself today on these matters.

I do reiterate a gratitude to Maria, REDACTED, Noel, Braedan and colleagues for facilitating content for policies and raising important issues for resolution, which we have negotiated in amended

form to appear in the soon-to-be released draft Physical Distancing Plan. Thanks all.

Kind regards

Finn

Subject: RE: Smoking policy - Operation Soteria

Thanks Noel, these are useful insights and a reminder of how challenging the current situation is for all concerned. I gather the nurses are screening all persons under quarantine to identify pre-existing health conditions, management and risks as well as those who may need further assessment for COVID etc. It would be good to include the advice re: smoking cessation options in the protocol to make this available wherever possible. We acknowledge access to smoking areas will still need to be carefully managed on a case by case basis taking account of individual needs, social distancing measures and environmental constraints.

Subject: RE: Smoking policy - Operation Soteria

Hi to all,

I can add that the Crown Promenade has some smoking rooms (4 or 5 from memory) they are located on a different floor. To move a smoker to that floor, potentially many times a day, requires a security guard wearing PPE to escort them to that floor. We felt that the smoker needs to also wear some PPE so that don't potentially cross-contaminate surfaces that a security guard or other people then touch. We couldn't see how we could manage that process on a regular basis so as far as I'm aware we haven't used it.

It is pretty likely that there are smokers smoking in their rooms in the bathrooms etc but obviously that runs the risk of a fire alarm being triggered. We have had a complaint from one room at the Plaza that they could smell tobacco smoke in their room.

I haven't heard anything about smoking rooms at the other two hotels.

I am aware that some of our AO's have made the call to allow two people to leave the Plaza hotel with a security guard to smoke to reduce an escalating situation.

I have also seen nicotine patches and gm at one hotel (Metropole) that is administered on request by the nurses.

Thanks [REDACTED]

We have prepared some advice that we will be sending through any second now. Our recommendation is that people will be supported to manage cravings through the provision of nicotine replacement therapy and telephone counselling.

Subject: RE: Smoking policy - Operation Soteria

Hi I'm advised that the key issue is really about people leaving their rooms securely. With the hotel's cooperation establishing a designated smoking room/s (such as how high roller room operates) would be the best solution that has appropriate density and hygiene parameters. (There is exemption under s5A(2) I've copied in [REDACTED] the tobacco manager and those involved in compliance and enforcement.

There is in principle support in here for allowing a person – if monitored in some way – to have a smoking break on a balcony or outdoors if that is the lesser harm option.

Can you put a proposal up with parameters / strict parameters and I will ask Annaliese to endorse as a policy?

Subject: Smoking policy - Operation Soteria

Hi – we need to develop a policy position on allowing smoking at the hotels.

I think this need to be considered with input with AO on the ground and how this can be operationalised.
